

Art Project: Christ as Healer

Learning Objective: This simple craft is a great visual for children to be reminded how Christ heals us.

Supplies:

- Construction paper
- Scissors
- Crayons or markers
- Glue or glue stick
- Band-aids (at least two per child)

Preparation:

Use various colors of construction paper to cut large and small hearts. Every child will need one large and one small heart.

Directions:

1. Each child (or adult) will write “Christ as Healer: Christ heals our...” on their small heart.
2. The child will use two band-aids to make a cross in the middle of the heart.
3. Ask each child how Christ heals him or her, and record the brainstormed words on the small heart.
4. Finally glue the small heart in the center of the big heart.
5. Have each child share and discuss how Christ heals him or her.
